Description :

Prsentation de l'diteurItaly is well-known for many things that make up the good life. Among these are paintings, sculptures, architecture, designer clothing, music and good food. But there is another field of the worlds heritage to which Italy has made massive contributions, which deserve to be remembered: the field of science and technology.Prsentation de l'diteurItaly is well-known for many things that make up the good life. Among these are paintings, sculptures, architecture, designer clothing, music and good food. But there is another field of the worlds heritage to which Italy has made massive contributions, which deserve to be remembered: the field of science and technology.
